**Welcome Visitor!!!**

Be positioned at the door of your classroom to greet visitors and class members. Make your visitors feel special and wanted. Show a sense of being thrilled that they have come, and you will see most of them return whenever they can. Find out if your visitors are candidates for enrollment. Name tags are an aid that will help your first time attendees feel more comfortable. A name tag board with every member's badge ready for them to pull down and pin on as they enter the class is of great value. Make sure extras are available for visitors. (Tips like this one and many more can be found in Noel Wright's book "[The Day of Teaching and the Week of Ministry](#)")
